

Liberty Wildlife nurtures the nature of Arizona and the Southwest, providing expert wildlife **rehabilitation**, natural history **education**, **conservation** services, and leading by example to demonstrate environmental **sustainability**. In the last year, Liberty Wildlife cared for nearly 10,000 animals in our rehabilitation hospital and provided over 1300 wildlife educational programs, reaching over 500,000 people in our community!

Dear Friends,

This year marks the 3rd annual Condors & Cocktails event, and the 31st anniversary of our signature fundraising auction, **Wishes for Wildlife**. This year's event will be held in person, combining these two events into one celebration on November 9th.

The event reaches a broad audience through our 23,000+ email and 20,000+ social media followers. We hope you will consider becoming a sponsor or donating an item to be included in our silent auction. Your generosity will be promoted during this unique virtual-live event.

Thank you in advance from Liberty Wildlife, the thousands of school children and community members who visit and take part in our education programs throughout the year, and the over 120,000 animals assisted since 1981!

In gratitude,

Megan Mosby
Executive Director
Liberty Wildlife

To fill out a donation form go to: libertywildlife.org/how-to-help/wishes-for-wildlife-auction-donations/ or **scan the QR code ==>**

- You will receive a donation notification and a heartfelt thank you from the staff and volunteers.
- See our website for seasonal hours and programs, & visit our campus during open hours; Wednesdays, Saturdays & Sundays
